LEGAL DESCRIPTION OF PROPERTY SUBJECT TO RESTRICTIVE COVENANTS

The real property subject to the terms and conditions of the covenants herein contained is as follows:

Land in the City of Litchfield, Hillsdale County, Michigan, described as HAWTHORN HEIGHTS NO. 3, according to the recorded Plat thereof as recorded at Liber 11, Pages 3 through 4, Book of Plats, Hillsdale County Records, being a part of the East 1/2 of Section 10, Town 5 South, Range 4 West, Hillsdale County, Michigan, specifically Lots 54 (fifty-four) through 64 (sixty-four), inclusive.

PURPOSE AND RESTRICTIONS

No structure, except a private storage building and a private garage for no more than three automobiles, shall be erected, altered, placed or permitted to remain on a residential lot other than a single family private dwelling. No dwelling or any outbuilding shall exceed two and one-half stories in height and each garage shall be constructed of material similar in quality and construction to the residence.

No dwelling may be constructed on Lots 54 through 64 for which the main floor of the residential structure constructed thereon does not exceed 1200 square feet of minimum living space for occupants, exclusive of porches, garage, basement or enclosed patios.

All residential dwellings shall be of new construction, and no building shall be moved into the subdivision. No trailer, tent, garage, barn, or other outbuilding erected in the subdivision shall at any time be used as a residence, nor shall any structure of a temporary character be used as a residence.

PURCHASE OF LOTS AND CONSTRUCTION

When said Lots are made available for sale at a price to be determined by the Authority or a designated agent of the Authority, prospective purchasers shall prepare a written acceptance of purchase which purchaser shall deliver in person to an agent specified by the Authority. Said written acceptance shall be accompanied by an earnest money deposit by certified check or money in the amount of \$100, made payable to the Litchfield Tax Increment Finance Authority. Should more than one written acceptance be submitted regarding the same lot or lots, the purchaser shall be determined on a first come, first serve basis, with the date of submission of the written acceptance to the designated agent of the Authority being the date of determination. If two or more written offers of acceptance are received on the same day, the purchaser shall be determined by blind

draw, with the Authority acting as the final arbiter of any proceeding to determine the identity of the purchaser in such case.

Any prospective purchaser must be ready, willing and able to close the sale, pay the balance of the purchase price, and submit architectural or house plans to the Architectural Control Committee for approval within 30 days of submitting written acceptance of purchase. If any prospective buyer is unable or unwilling to close within said period, the acceptance shall be deemed void and the earnest money deposit shall be forfeited to Seller as an administrative or application processing fee.

Any purchaser may offer to purchase more than one but not more than two separate lots. As a condition of purchase, purchaser agrees to begin construction of a single family residential dwelling on any and all lots purchased within 8 months of date of close. Any construction must be certified for occupancy within 20 months of the date of closing has taken place. No construction of any structure or any exterior addition hereto or exterior alteration thereof, shall be commenced until building plans, specifications and plot plan showing grade lines and location of the building, garage, fence and other structures, if any, have been furnished to and approved in writing by the Architectural Control Committee, as created and empowered by these restrictive covenants, or its duly authorized agent. The Architectural Control Committee shall have the right to disapprove any plans, specifications, grade lines and locations, which do not comply with the restrictions herein provided and may disapprove such plans, specifications, restrictions, grade lines and locations which are not suitable or desirable in the opinion of the Architectural Control Committee for architectural, aesthetic or other reasons. All buildings shall be completed in a manner acceptable to the Architectural Control Committee within a reasonable time after commencement of construction and prior to occupancy. If construction has not been commenced or completed as provided, the Authority retains a right of reverter, wherein action may be commenced in Circuit Court for the County of Hillsdale to forfeit the rights of the property owner for failure to abide by the restrictive covenants herein. Any dwelling or construction must also comply with any existing zoning ordinance.

Each residential construction shall also be required to comply with the following:

1. No main roof line of a home, including residential portion and garage, shall be less than 5/12 pitch.

10. No lot shall be used as a shop or refuse materials of any kind, nor shall fill material be brought in and used on any lot except unmixed fresh earth and stone.
11. The lot grade must be finished, seeded, and a lawn shall be installed within 12 months of issuance of a certificate of occupancy. The lawn shall be kept and maintained in a reasonable manner.

The approval or disapproval of plans or construction as required by these Restrictive Covenants shall be in writing. In the event the Architectural Control Committee or its designated representative fails to approve or disapprove within 30 days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.
